About 29-TEN . . .

29-TEN is a security consulting operation - period. We come in - we do the job - and we leave.

29-TEN understands that you live in an environment where the threats are robust and the consequences are real.

29-TEN associates are experts in: Threat mitigation to include foreign intelligence, espionage and terrorism.

29-TEN is an affiliation of professional military, intelligence and security personnel.

29-TEN provides training in vulnerability mitigation: AT/FP, route, foreign travel, OSINT and OPSEC.

29-TEN understands the only way to win the game, is to think "out-of-the box", to see yourself as the adversary sees you, learn what they know and then use their own tactics against them.
